

# TRUXTA<sup>4x4</sup> Mini Dumper

now with **POWER TIP** & **POLY SKIP**

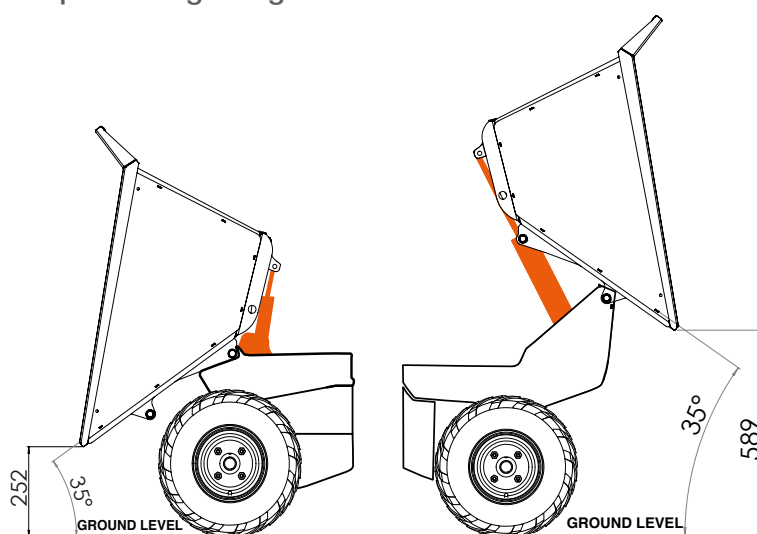

## POWER TIP

TRUXTA 450 mini dumper now available with an electric powered tipping ram for controlled skip tipping.

- The new Power-Tip offers smooth controlled tipping with an electric ram for increased controllability
  - Power-Tip increases skip discharge height to 252mm – ideal for shuttering
  - Power-Tip-Plus increases skip discharge height to 589mm – ideal for trailers and conveyors
  - Option available to Retrofit a Power-Tip or Power-Tip-Plus to your Electric TRUXTA 450 for increased skip discharge height

Model TRUXTA 450 (Electric Only)	Power Tip	Power Tip Plus
TRUXTA Skip discharge height mm	252	589
TRUXTA Skip discharge angle	35°	35°

The new heavy duty Poly-Skip is designed for the TRUXTA 450, with standard 2-stage manual tipping or Power-Tip attachments.

- Constructed from the durable and tough polyethylene material
  - Low noise when loading gravel or bricks
  - Supported with steel sub-frame
- Wear and scratches are less visible than on a steel painted skip
  - Material is 100% re-cycle able at the end of its life
